The Truth Osama Bin Laden Laughs From The Grave 11th Sept 2011

Introduction

Welcomed to the 10th Anniversary of 11th Sept 2001 Terrorist Attacks in New York City USA, leading up to this day the American & Western controlled Mainstream Media will waste no time in throwing at you all the propaganda under the sun.

Interviews, old pictures, video clips, stories from their achieves and many made up in their studio production rooms, also scripted material feed to them by the CIA, FBI, US Pentagon.

Every lying – traitorous – treasonous politician who have sold their country and souls to the Wall Street & International Bankers, Security & Military Industrial Complex, Big Pharma, Oil Companies, AIPAC and anybody else who offers to fill up their back wallets with bribe money will be out in force.

From Barrack Obama to the lowest Congressman from Jumbuck Kentucky will have American Flags waving in the back ground and brass bands playing “God Bless America”.

They will prop up the Official story of how 19 Muslims hijacked 4 Planes Attacked America, all being directed by Osama Bin Laden from a cave in Afghanistan.

You will not be given 5 minutes to think straight, think logically or laterally, Wait that doesn't make sense?

The Propaganda feed to you will be worst then going through a CIA – Brainwashing / Mind Control session, and if your lucky to speak out and tell the truth, No sorry Sept 11th 2001 Was An Inside Job.

You will be shouted down called a dirty Muslim – Mommandian Terrorist, Muzzy Lover and all the other nice names thought up over 10 years to call anybody who disagrees with the Official story about 11th Sept 2001.

Defending The 911 Truth Movement For A Minute

- I am NOT Muslim
- I have NO Muslim friends
- The only difference between me, and many other 911 Truthers is we have common sense, we can think logically & laterally and can see through the Official story as told by the Bush – Cheney Administration and Mainstream Media repeating and parroting the Official story (We can see through the lies)

In 10 years **NO**, that means **NO** Evidence has been forth coming to prove the Official story true.

That is worth consideration while you are being bombarded.

In 10 years all we have heard is some well trained Talking Head Parrot on TV, mouthing off the Official Story Line Sept 11th 2001 Was Carried Out By 19 Terrorist Blah, Blah, Blah, Blah mouthing off on TV, or in the Newspaper does **NOT** make something true.

The story can only be considered true if it can be backed up with evidence & proof which the Official story cannot, and its been debunked 1,000 times over even by US Military, Police, FBI, CIA people, so even American trained people in Warfare, Terrorism and Counter Terrorism dispute the Official story.

9/11 Commission Counsel: Government Agreed to Lie About 9/11

The senior counsel to the 9/11 Commission - John Farmer - says that the government agreed not to tell the truth about 9/11, echoing the assertions of fellow 9/11 Commission members who concluded that the Pentagon were engaged in deliberate deception about their response to the attack.

28-Year Career CIA Official Says 9/11 An Inside Job

Highlights missing Pentagon trillions as potential motive
A 28-year CIA career man and a former sceptic of alternative 9/11 explanations has gone further than ever before in voicing his convictions that the attacks bore the hallmarks of an inside job and the three buildings in the WTC complex were brought down by controlled demolition.

No Evidence To Link the 19 'Muslim Men'

FBI Director Robert Mueller admitted that the FBI had no evidence to link the 19 'Muslim men' who have apparently disappeared --neither on the autopsy list or the original 'official flight manifests' --to the events of 911.

In speech to the Common Wealth Club in San Francisco on April 19, 2003, Mueller stated that the purported hijackers 'left no paper trail'.

Twenty-five U.S. Military Officers Challenge Official Account of 9/11

"Impossible"

"A Bunch of Hogwash"

"A White-Washed Farce"

FBI says, it has "No hard evidence connecting Bin Laden to 9/11"

<http://www.thetruthseeker.co.uk/article.asp?ID=4673>

Five years have past and the mainstream media have endlessly droned on about the link between Bin Laden and 911.

Wars have been fought and invasions launched on the basis of the link but now the FBI says it has no hard evidence connecting the two!

All Roads Lead to Dick Cheney For 11th Sept Terrorist Attacks

Most people know that Vice President Dick Cheney is former CEO of Halliburton, which makes billions of dollars a year from oil and primarily defense-related construction contracts (and that war and chaos increase Halliburton's profits, which in turn increase the value of Cheney's stock options).

BREAKING 9/11 NEWS: FBI Says Barbara Olsen Did Not Call Ted Olsen. Bush Solicitor General LIED!!

We were fed a lie by Ted Olsen who served as Solicitor General for the Bush Administration, when on 9/11 he held a press conference to tell America and the world that his dead wife had called him before her demise from the jet she was on that had just been hijacked.

Comment: - It took a few honest FBI Agents years to break down The Ted Olson story, but they eventually did, and remember Ted Olson story forms part of the evidence & proof to prop up the Official story.

Now have any of the above stories you seen on Fox News, CNN, ABC, and MSMBBC in America?

BBC In England?

Or Channel 10, 9, 7, ABC, SBS in Australia?

I wonder why?

Which proves the case the Mainstream Media is controlled, stopping anything other then false made up details be parroted about to prop up the Official story, which means the Official story is a LIE.

Remember The Truth never lies, there is No reason to lie it's the Truth.

The only reason to lie is when something is not The Truth and is propaganda feed to you to prop up a story, which if you look behind the scenes there must be alternative motives people don't know about, which the lie is being used for.

Hard Evidence & Proof

Hard Evidence & Proof is what, Oh look here 14 Conspiracy Theories That The Media Now Admits Are Conspiracy FACTS!

Hard evidence & proof is what many of us researchers, investigators and Truthers supply when we expose things like we do over the years in the 14 things Mainstream Media is now admitting as FACTS – yes they are True these things you "Conspiracy Theorist" which we the Mainstream Media have called you "Tin Foil Hats" Liars, Nutcases, Nut bags etc

Now Mainstream Media is trying to take the credit for reporting these stories?

I don't think so, We The "Conspiracy Theorist" will take the credit for exposing these things with NO HELP from the Mainstream Media.

Score Count "Conspiracy Theorist" 14

Mainstream Media "0"

Interesting I was talking to Steve Johnson the other night and I said to him, Steve did you realize The Cover Story which helped sell The Official Story Line of 11th Sept 2001.

- A) Has never been brought up again since it was put out?
- B) NOT 1 – TV, Newspaper or Mainstream Media outlet has ever looked at the Cover Story, which was put out in the first place which set the wheels in motion to sell the Official Story.

That will test many people out of what they remember of 11th Sept 2001 Terrorist Attacks, a simple question What Was The Cover Story put out by The Mainstream Media to sell the Official Story of 911?

No News – Current Affairs Show from the Mainstream Media, or Newspaper have ever covered the story again, because if they had covered it, investigated it, the Official story would fall over in a hole.

Any takers?

I suppose I will have to help you out.

The Official Cover Story which was used to help set up and sell the Official story of Sept 11th 2001 Attacks was these supposedly 19 Terrorist Trained on Cessna Air Planes as Commercial Pilots prior to hijacking the 4 Air Planes on 11th Sept 2001, at a Florida Flying School.

Now here is a few points to prove that Cover Story lies, you can do your own research & investigations on your own to find out more details.

- 1) Different Investigators & Researchers over the years have gone to the Flying School and talked with the Tutors and Flying Instructors.

They have reported and it's on the Official record these "Student Commercial Pilots" were so useless they couldn't master Flying the small Cessna Air Plane.

Official Cover Story Blown Out The Window: -

Think about it people, if somebody **CANNOT** master Flying a Small Cessna Air Plane, what is their chances of being able to Fly a big 757 Air Plane?

Yep!

Right!

Exactly!

None to Bucklies chance at all, but there will be those idiots that try and say **But, But, But** lets get our Fry Pans out and hit these people on the head.

Now you know why The Cover Story has been dropped over the years, because the Tutors & Flying Instructors blow this part of the Official story out the window.

2) THE FLORIDA CONNECTION - The Israeli Network in Florida

Florida was the central networking base and staging area for the "False Flag" Terror Attacks of 9-11.

Fifteen of the nineteen Arabs allegedly involved in the hijackings, for example, lived and had their base of operations in South Florida.

"False Flag" means a crime, which is designed to be blamed on others in order to achieve a strategic and political goal for the real perpetrator of the crime.

Question?

Who Had A Political & Strategic Goal, Plan, Ambition to achieve with carrying out a successful "False Flag" Terrorist Attack in America?

Answer: The Bush – Cheney Administration, with a successful Terrorist Attack upon American soil, killing their own people in "COLD BLOOD" they could advance the agenda for.

Realization of the goals as formulated in the policy paper Clean Break

http://en.wikipedia.org/wiki/A_Clean_Break:_A_New_Strategy_for_Securing_the_Realm

As well as the realization of the goals of the Project of the New American Century

Plus Throw In

The \$650 Million Dollars In Gold and Silver Bars Stolen from below the WTC in the Bank.

Gold found under World Trade Center rubble 15:01 Wednesday October 31st

Recovery workers at the World Trade Center have found a cache of gold that has already filled two lorries.

The precious metal may be part of the vault containing more than £137m in gold and silver, which was buried under the twin towers when they collapsed.

Gold Transported Through WTC Basement (Before 9:59 a.m.)

Large amounts of gold are stored in vaults in the massive basement below the WTC, and some of this is being transported through the basement this morning.

Several weeks later, recovery workers will discover hundreds of ingots in a service tunnel below WTC 5, along with a ten-wheel lorry and some cars (which were, presumably, transporting the gold).

The lorry and cars had been crushed by falling steel, but no bodies are reported found with them, so presumably they were abandoned before the first WTC collapse, at 9:59 a.m. (New York Daily News, 10/31/01 London Times, 11/1/01)

Plus Throw In

The Pentagon missing \$2.3 Trillion Dollars, which is only the tip of the Ice Berg, because what was really going on the Head of the Pentagon was selling assets Trucks, Cars, Planes, Boats to Israel at a fraction of their Book Value, and where possible just giving Israel equipment for FREE.

Now People Who Would Have A Motive To Hush All The Above Up, Steal The Gold, Plus Others Who Cashed In On Insurance Policies, Stock Options and The Like?

Everybody connected with or associated with the Bush – Cheney Administration and we name most of the big players in two of our books.

The OzBoy File – The Truth About Sept 11th Attacks & How 911 Was Carried Out.

The Truth Israel & Mossad Carried Out 11th Sept Attacks

Back To The Florida Connection and Israeli Mossad / IDF

This false history is exactly what was created in Florida, albeit on a much larger scale, with the 15 Arabs "hijackers" whose identities were used to create a false history for them prior to the attacks of 9-11.

That a false history was being laid was quite clear "At least six of the suspected terrorists had two sets of driver's licenses issued by Florida, which would have allowed two or more people to use the same identity," the Sun-Sentinel (Florida) reported on September 28, 2001.

"Many of the suspected terrorists, it is becoming increasingly clear, swapped identities as part of their preparations for the Sept. 11 attacks on the World Trade Center and the Pentagon, according to a Sun-Sentinel review of documents, interviews and published reports."

But why, and by whom, were the "hijackers" identities being swapped?

Were these Arab suspects even aware that their identities were being used by others?

I can only think of one Intelligence Agency Active at stealing peoples ID's (ISRAEL)

Fifteen of the 19 Arabs alleged to have been involved in the hijackings of 9-11 "lived" in South Florida in the months prior to the terror attacks.

All ten of the "hijackers" from the World Trade Center, for example, had lived in the area around Hollywood, Florida.

At least 6 of them had duplicate licenses, which were apparently used to leave false tracks and create false histories by Israeli Intelligence Agents who were probably Arabic-looking Sephardic Jews.

So who was really running the Terrorist Network in Florida that resembled a Soviet Intelligence Operation?

A preponderance of evidence indicates that Israeli Military Intelligence was the Master Organization behind the "Arab" Terrorist Network based in Florida.

Now you know why the Cover Story has never been talked about again, because these 15 or so "Student Commercial Pilots" were really an active Israeli "Mossad & IDF" Terrorist Cell Operating, living and going to the Flying School to be trained.

They were using Fake stolen ID's of people, whom after the successful Terrorist Attacks had occurred, these 19 names would be handed over to FBI investigators by either an inside source from the FBI and or order Management to release these names as the Terrorist involved in the Attacks by The White House.

Your Next Question is going to be, is there any evidence about the hijackers where impersonating the Terrorist named on 911 by the FBI?

The Answer is **Yes!**

Israeli Jew posing as "Arab hijacker" and "Mohammed Atta"

Daniel Hopsicker does an Interview with Amanda Keller about an individual called "Mohammed Atta".

However, a closer look at the pictures of the man she was dating reveals that the agent is an impersonator.

When one views the clip below between the 29 and 39 second marks, the pictures turn out to reveal a man that doesn't look like the Passport Photo of Mohammed Atta as shown on Jewish controlled media networks all around the world.

His facial structure is completely different.

It turns out that the agent is an Israeli Jew posing as an "Arab Hijacker" as revealed in Hopsicker's book "Welcome to Terror land".

This is the only reference to Hebrew in Hopsicker – it is early in Chapter 9 "The thing the FBI was most interested in was his pilot bag," [Amanda] told us.

They asked about it a lot.

He kept it locked, and they wanted to know whether I had ever seen anything in it.

I told them 'yes' one day he opened it briefly, and there were a lot of papers in it, and there was a blue logbook in a different language.

Mohamed was fluent in almost any language you can think of," she continued."

He had a kind of Day timer in there, too.

And a folder with all these different I.D.'s in it.

And that's when I saw one — because it fell out — a little blue and white thing the size of a drivers license.

It had his picture on it, and it looked like a mug shot, or a prison shot.

And it didn't look like him, and I asked him, 'Who is this?'

And he said, 'that's me.'

He told me it had been taken back when he was in some kind of militia- type deal, like a military-type deal, he said.

He compared it to our military only they teach you different tactics.

He didn't elaborate.

He didn't say where it was from, either" she said.

"But the writing looked like a cross between Hebrew and Arabic, those little frilly lines. He told me he spoke Hebrew. I said bullshit. So he started speaking it, and I guess he did."

So now we are starting to put this puzzle together there was an Israeli Mossad / IDF Terror cell set up in Florida their mission was to lay the ground work for which The Cover Story would be released, that these 15 –19 Terrorist on Sept 11th 2001 trained at a Florida Flying School, and thus that gave them the experience to Fly a 757 Plane and hijack it.

- Please consider when you carry off a False Flag Terrorist Attack which is carried out by Police, Military or Intelligence Agency, they always lay a Cover Story, which then sets the stage for them to release the Official Story.

You cannot just pick 19 Muslim – Arab guys off the streets and set them up as patsies – stooges and set them up with hijacking 4 Planes with No Flying experience.

(People would ask questions)

But by sending in 15 – 19 Israeli Mossad / IDF with stolen ID's to play act, learn how to fly a plane, impersonate the 19 supposedly Terrorist who will then be named as the real Terrorist who hijacked the 4 Planes, then that part of the story of (Patsies – Stooges with NO flying experience) would have been complete.

The FBI, CIA, State and Local Police Forces also the Mainstream Media would be so incompetent to investigate and put this part of the story together.

In any case all you have to do is get rid of the evidence then to prove this really was an Israeli Terrorist Cell which is what George W Bush did.

- George W Bush got his assistant Andy Card, I think from memory who whispered something into his ear when the attacks started, arranged with George's brother Jeb Bush who was the Governor Of Florida USA, while he was in Florida at that school to take a group of trusted people in a truck around to the Flying School after these Attacks, load everything about this Terrorist Cell into boxes and put it all on a C130 Air Plane for Washington DC, with all the evidence about this Israeli Terrorist Cell lost, forgotten, buried never to be seen again.

Checking the Airport Logs for what planes left the next day Miami Airport can prove this.

Sit back and I hope you enjoy reading **The OzBoy File – The Truth Osama Bin Laden Laughs From The Grave 11th Sept 2011**

You will see why I have called this book that title, because after your read what Bin Laden says in his Statement about 911, he not only denies carrying out these attacks 4 times from 11th Sept 2001 till his death in early – mid Dec 2001, he also tells us all who was really behind the attacks.

Chapter 1 –

As you read this Interview with Bin Laden, a few questions to ask yourself.

Why haven't the Mainstream Media told us about this Interview?

Why has the Mainstream Media kept this Interview and other Bin Laden denials secret?

Why hasn't George Bush – Dick Cheney, Tony Blair, John Howard, Kevin Rudd, Julia Gillard, Stephen Harper and the other range of World Leaders told us that Bin Laden denied carrying out 11th Sept 2001?

By not allowing we the people of the World to hear both sides and only hear one side, automatically tells us the person is being set up as the bunny, stooge, and patsie.

Remember what I said above about lying?

If something is the Truth then there is NO need to hide information, keep it a secret, its only if something is a lie, then these tactics will be used stopping somebody from defending themselves which is exactly what has happened.

By stopping these denial Interviews from getting out to people, this points directly back at some of the real perpetrators of 11th Sept 2001 Attacks, who stood to gain.

'Exclusive' Interview With Usama Bin Laden on 11 Sep Attacks in US

Karachi Ummat in Urdu 28 Sep 01

"The US should search attackers within itself"

[FBIS Translated Text]

Kabul: Prominent Arab Mujahid [holy warrior] Usama Bin Ladin has said that he or his al-Qua'ida group has nothing to do with the 11 September suicidal attacks in Washington and New York.

He said the US Government should find the attackers within the country.

In an exclusive interview with daily "Ummat," he said these attacks could be the act of those who are part of the American system and are rebelling against it and working for some other system.

Or, Usama said, this could be the act of those who want to make the current century a century of conflict between Islam and Christianity.

Or, the American Jews, who are opposed to President Bush ever since the Florida elections, might be the masterminds of this act.

There is also a great possibility of the involvement of US Intelligence agencies, which need billions of dollars worth of funds every year.

He said there is a government within the government in the United States.

The secret agencies, he said, should be asked as to who are behind the attacks.

Usama said support for attack on Afghanistan was a matter of need for some Muslim countries and compulsion for others.

However, he said, he was thankful to the courageous people of Pakistan who erected a bulwark before the wrong forces.

He added that the Islamic world was attaching great expectations with Pakistan and, in time of need, 'we will protect this bulwark by sacrificing of lives.' Following is the interview in full detail

Ummat: You have been accused of involvement in the attacks in New York and Washington. What do you want to say about this?

If you are not involved, who might be?

Usama: In the name of Allah, the most beneficent, the most merciful.

Praise be to Allah, Who is the creator of the whole universe and Who made the earth as an abode for peace, for the whole mankind. Allah is the Sustainer, who sent Prophet Muhammad for our guidance.

I am thankful to the Ummat Group of Publications, which gave me the opportunity to convey my viewpoint to the people, particularly the valiant and Momin [true Muslim] people of Pakistan who refused to believe in lie of the demon.

I have already said that I am not involved in the 11 September attacks in the United States.

As a Muslim, I try my best to avoid telling a lie.

Neither I had any knowledge of these attacks nor I consider the killing of innocent women, children, and other humans as an appreciable act.

Islam strictly forbids causing harm to innocent women, children, and other people.

Such a practice is forbidden ever in the course of a battle.

It is the United States, which is perpetrating every maltreatment on women, children, and common people of other faiths, particularly the followers of Islam.

All that is going on in Palestine for the last 11 months is sufficient to call the wrath of God upon the United States and Israel.

There is also a warning for those Muslim countries, which witnessed all these as a silent spectator.

What had earlier been done to the innocent people of Iraq, Chechnya, and Bosnia?

Only one conclusion could be derived from the indifference of the United States and the West to these acts of terror and the patronage of the tyrants by these powers that America is an anti-Islamic power and it is patronizing the anti-Islamic forces.

Its friendship with the Muslim countries is just a show, rather deceit. By enticing or intimidating these countries, the United States is forcing them to play a role of its choice.

Put a glance all around and you will see that the slaves of the United States are either rulers or enemies [of Muslims].

The US has no friends, nor it wants to keep one because the prerequisite of friendship is to come to the level of the friend or consider him at par with you.

America does not want to see anyone equal to it.

It expects slavery from others.

Therefore, other countries are either its slaves or subordinates.

However, our case is different. We have pledged slavery to God Almighty alone and after this pledge there is no possibility to become the slave of someone else.

If we do that, it will be disregarding to both our Sustainer and his fellow beings.

Most of the world nations upholding their freedom are the religious ones, which are the enemies of United States, or the latter itself considers them as its enemies.

Or the countries, which do not agree to become its slaves, such as China, Iran, Libya, Cuba, Syria, and the former Russia.

Whoever committed the act of 11 September are not the friends of the American people.

I have already said that we are against the American system, not against its people, whereas in these attacks, the common American people have been killed.

According to my information, the death toll is much higher than what the US Government has stated.

But the Bush administration does not want the panic to spread.

The United States should try to trace the perpetrators of these attacks within itself the people who are a part of the US system, but are dissenting against it.

Or those who are working for some other system persons who want to make the present century as a century of conflict between Islam and Christianity so that their own civilization, nation, country, or ideology could survive.

They can be any one, from Russia to Israel and from India to Serbia.

In the US itself, there are dozens of well-organized and well-equipped groups, which are capable of causing a large-scale destruction.

Then you cannot forget the American Jews, who are Annoyed with President Bush ever since the elections in Florida and want to avenge him.

Then there are intelligence agencies in the US, which require billions of dollars worth of funds from the Congress and the government every year.

This [funding issue] was not a big problem till the existence of the former Soviet Union but after that the budget of these agencies has been in danger.

They needed an enemy.

So, they first started propaganda against Usama and Taliban and then this incident happened.

You see, the Bush administration approved a budget of \$40 billion.

Where will this huge amount go?

It will be provided to the same agencies, which need huge funds and want to exert their importance.

Now they will spend the money for their expansion and for increasing their importance.

I will give you an example.

Drug smugglers from all over the world are in contact with the US secret agencies.

These agencies do not want to eradicate narcotics cultivation and trafficking because their importance will be diminished.

The people in the US Drug Enforcement Department are encouraging drug trade so that they could show performance and get millions of dollars worth of budget.

General Noriega was made a drug baron by the CIA and, in need, he was made a scapegoat.

In the same way, whether it is President Bush or any other US President, they cannot bring Israel to justice for its human rights abuses or to hold it accountable for such crimes.

What is this? **Is it not that there exists a government within the government in the United States?**

That secret government must be asked as to who made the attacks.

Ummat: A number of world countries have joined the call of the United States for launching an attack on Afghanistan.

These also include a number of Muslim countries.

Will al-Qua'ida declare a jihad against these countries as well?

Usama: I must say that my duty is just to awaken the Muslims to tell them as to what is good for them and what is not.

What does Islam says and what the enemies of Islam Want?

Al-Qua'ida was set up to wage a jihad against infidelity, particularly to encounter the onslaught of the infidel countries against the Islamic states.

Jihad is the sixth undeclared element of Islam.

[The first five being the basic holy words of Islam, prayers, fast, pilgrimage to Mecca, and giving the poor-due]

Every anti-Islamic person is afraid of it.

Al-Qua'ida wants to keep this element alive and active and make it part of the daily life of the Muslims.

It wants to give it the status of worship.

We are not against any Islamic country nor we consider a war against an Islamic country as Jihad.

We are in favor of armed jihad only against those infidel countries, which are killing innocent Muslim men, women, and children just because they are Muslims.

Supporting the US act is the need of some Muslim countries and the compulsion of others.

However, they should think as to what will remain of their religious and moral position if they support the attack of the Christians and the Jews on a Muslim country like Afghanistan.

The orders of Islamic Shariat [jurisprudence] for such individuals, organizations, and countries are clear and all the scholars of the Muslim brotherhood are unanimous on them.

We will do the same, which is being ordered by the Ameerul Momineen [the commander of the faithful] Mulla Omar and the Islamic scholars.

The hearts of the people of Muslim countries are beating with the call of jihad.

We are grateful to them.

Ummat: The losses caused in the attacks in New York and Washington have proved that giving an economic blow to the US is not too difficult.

US experts admit that a few more such attacks can bring down the American economy.

Why is al-Qua'ida not targeting their economic pillars?

Usama: I have already said that we are not hostile to the United States.

We are against the system, which makes other nations slaves of the United States, or forces them to mortgage their political and economic freedom.

This system is totally in control of the American Jews, whose first priority is Israel, not the United States.

It is simply that the American people are themselves the slaves of the Jews and are forced to live according to the principles and laws laid by them.

So, the punishment should reach Israel.

In fact, it is Israel, which is giving a blood bath to innocent Muslims and the US is not uttering a single word.

Ummat: Why is harm not caused to the enemies of Islam through other means, apart from the armed struggle?

For instance, inciting the Muslims to boycott Western Products, banks, shipping lines, and TV channels.

Usama: The first thing is that Western products could only be boycotted when the Muslim fraternity is fully awakened and organized.

Secondly, the Muslim companies should become self-sufficient in producing goods equal to the products of Western companies.

Economic boycott of the West is not possible unless economic self-sufficiency is attained and substitute products are brought out.

You see that wealth is scattered all across the Muslim world but not a single TV channel has been acquired which can preach Islamic injunctions according to modern requirements and attain an international influence.

Muslim traders and philanthropists should make it a point that if the weapon of public opinion is to be used, it is to be kept in the hand.

Today's world is of public opinion and the fates of nations are determined through its pressure.

Once the tools for building public opinion are obtained, everything that you asked for can be done.

Ummat: the Western media has so far made the entire propaganda about your struggle.

But no information is being received from your sources about the network of al-Qua'ida and its jihadi successes.

Would you comment?

Usama: In fact, the Western media is left with nothing else.

It has no other theme to survive for a long time.

Then we have many other things to do.

The struggle for jihad and the successes are for the sake of Allah and not to annoy His bondsmen.

Our silence is our real propaganda.

Rejections, explanations, or corrigendum only waste your time and through them, the enemy wants you to engage in things, which are not of use to you.

These things are pulling you away from your cause.

The Western media is unleashing such a baseless propaganda, which make us surprise but it reflects on what is in their hearts and gradually they themselves become captive of this propaganda.

They become afraid of it and begin to cause harm to themselves.

Terror is the most dreaded weapon in modern age and the Western media is mercilessly using it against its own people.

It can add fear and helplessness in the psyche of the people of Europe and the United States.

It means that what the enemies of the United States cannot do, its media is doing that.

You can understand as to what will be the performance of the nation in a war, which suffers from fear and helplessness.

Ummat: What will the impact of the freeze of al-Qua'ida accounts by the US?

Usama: God opens up ways for those who work for Him.

Freezing of accounts will not make any difference for al-Qua'ida or other jihad groups.

With the grace of Allah, al-Qua'ida has more than three such alternative financial systems, which are all separate and totally independent from each other.

This system is operating under the patronage of those who love jihad.

What to say of the United States, even the combined world cannot budge these people from their path.

These people are not in hundreds but in thousands
And millions.

Al-Qua'ida comprises of such modern educated youths who are aware of the cracks inside the Western financial system, as they are aware of the lines in their hands.

These are the very flaws of the Western fiscal system, which are becoming a noose for it and this system could not recuperate in spite of the passage of so many days.

Ummat: Are there other safe areas other than Afghanistan, where you can continue jihad?

Usama: There are areas in all parts of the world where strong jihadi forces are present, from Indonesia to Algeria, from Kabul to Chechnya, from Bosnia to Sudan, and from Burma to Kashmir.

Then it is not the problem of my person.

I am helpless fellowman of God, constantly in the fear of my accountability before God.

It is not the question of Usama but of Islam and, in Islam too, of jihad.

Thanks to God, those waging a jihad can walk today with their heads raised.

Jihad was still present when there was no Usama and it will remain as such even when Usama is no longer there.

Allah opens up ways and creates loves in the hearts of people for those who walk on the path of Allah with their lives, property, and children.

Believe it, through jihad, a man gets everything he desires.

And the biggest desire of a Muslim is the after life.

Martyrdom is the shortest way of attaining an eternal life.

Ummat: What do you say about the Pakistan Government policy on Afghanistan attack?

Usama: We are thankful to the Momin and valiant people of Pakistan who erected a blockade in front of the wrong forces and stood in the first file of battle.

Pakistan is a great hope for the Islamic brotherhood. Its people are awakened, organized, and rich in the spirit of faith.

They backed Afghanistan in its war against the Soviet Union and extended every help to the Mujahidin and the Afghan people.

Then these are very Pakistanis who are standing shoulder by shoulder with the Taliban.

If such people emerge in just two countries, the domination of the West will diminish in a matter of days.

Our hearts beat with Pakistan and, God forbid, if a difficult time comes we will protect it with our blood. Pakistan is sacred for us like a place of worship.

We are the people of jihad and fighting for the defense of Pakistan is the best of all jihads to us.

It does not matter for us as to who rules Pakistan.

The important thing is that the spirit of jihad is alive and stronger in the hearts of the Pakistani people.

Very thoughtful and meaningful words he speaks, its any wonder The Americans and Subservient countries to America, and all control from Israel don't want his denials to reach people.

Because there would be rioting on the streets and throw all these incumbent, corrupt treasonous – traitorous politicians out into the streets and string them up by the necks to hang for selling us all out to the Corporations / Bankers and the like.

Millions of Americans have marched in the streets of all of the major US cities opposing wars in the Mideast.

Yet the US Congress, which supposedly exists to represent the will of the people, refused to listen.

Instead, they voted the President the authority to take this nation to war.

More recently, and despite the exposure of the President's justifications for war as fiction, Congress again voted for more war by voting against legislation intended to end US involvement in Iraq, introduced by Kucinich, Abercrombie, and Woolsey.

So, the US Congress isn't listening to the people.

They are listening to someone who WANTS more war.

Israel's war, says Bibi, must be sold as America's war.

Why would the US Congress, which supposedly exists to serve the will of the AMERICAN people, be obeying the will of Israel?

Well, maybe because Israel's lobbying/spying organization, AIPAC, is PAYING THEM TO!

Members of AIPAC, the organization suspected of spying for Israel, donate vast sums of money to the members of US Congress.

So No, you didn't get Osama Bin Laden he died back in Early to Mid Dec 2001 from Kidney failure.

That little blight on the map called Israel owns, controls and runs everything the US President, Congress, Senate and both political parties (Bin Laden is laughing his head off at stupid Americans) They also have infiltrated your Police, FBI, CIA and US Military.

Chapter 3 –

Jewry's Scheme For World Domination

Fulfilled Before Our Eyes...

GLOBAL CONQUEST IS JEWRY'S ULTIMATE GOAL.

In order to achieve this, international Jewry has taken control of banking, the press, the media, political institutions, academics, and the Military/Industrial complex.

Jewry's scheme for world domination has been carefully laid out in its manifesto, The Protocols Of The Learned Elders Of Zion.

According to the renowned scholar, Dr Henry Makow, "The Protocols is the New World Order's blueprint - the Illuminati's master plan."

"Jewry's goal," Dr Makow continues, "is to overthrow Western Civilization through the destruction of its four pillars:

- I.** Family
- II.** Nation/Race
- III.** Religion
- IV.** Democracy.

Dr Makow has also proven that The Protocols is a genuine document and not a forgery.

[View Entire Story Here & Here.](#)

Much of The Protocol's agenda of destruction is taking place right before our very eyes:

- Manipulation of the economy through banking monopolies
- Manipulation of the educational system through falsifications of historical events

- Manipulation of the general culture through undermining Christian morality
- Manipulation of political systems through bribery and funding of selected political candidates
- Manipulation of social venues through crisis-events leading to suspension of civil liberties.

INTERNATIONAL JEWRY & MILITARISM

THE ISRAELI MASSACRE OF GAZA CIVILIANS is setting the stage for a global “militaristic” assault by worldwide Jewry on what is left of historic Christian civilization.

Because of the contrived agenda known as the ‘war on terror,’ the rogue state of Israel is utilizing its military prowess by collaborating with the West’s military establishment.

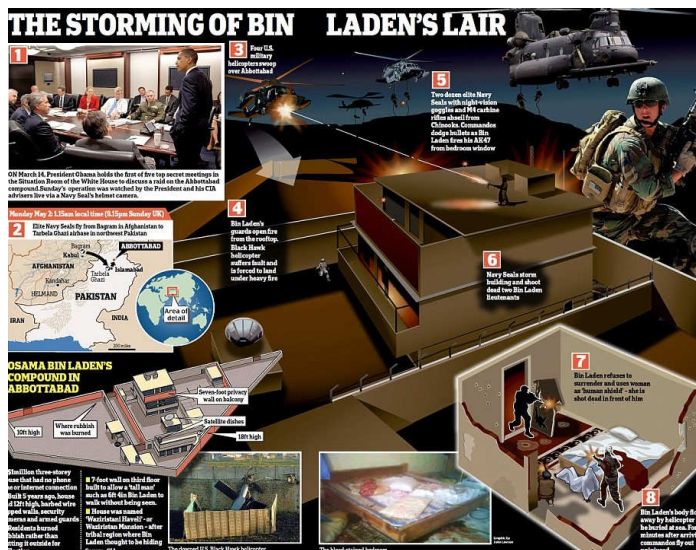

Many joint ventures between Israel and international defence contractors are part of Israel’s plan to fully ‘globalise’ their Zionist agenda. And Israel’s recent pact with NATO to “share intelligence and engage in joint military exercises,” solidifies Jewry’s scheme to dominate, by force of arms, the Western world.

"Anti Terror Training" is yet another venue for Jewry's scheme for world domination.

In September of 2008, The Anti Defamation League (ADL) sponsored such "training" by sending various local US police officers (all expenses paid for!) to Israel to learn from Israeli SWAT teams.

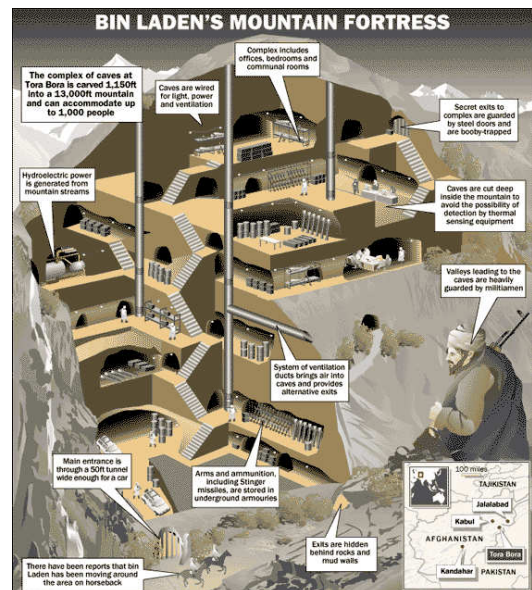

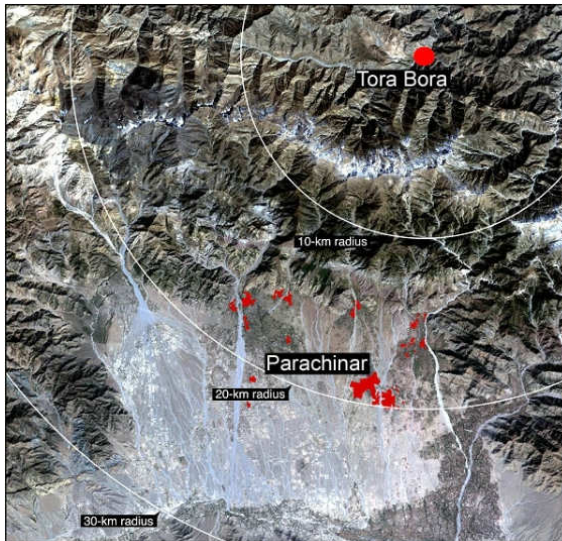

And recently, the collaboration between Israel and US defence contractor, CACI International, brought to light their mutual implication in the torture of Iraqi citizens at the infamous Abu Ghraib prison.

Where have I seen a propaganda cartoon like that before?

Ummm yes that's it Afghanistan they showed a similar propaganda map of Bin Laden hide out in Afghanistan, in 10 years of being in Afghanistan **NO HIDE OUT** has ever been found, proving another American lie.

But don't look closer at Afghanistan and see what has happened over the years you will see the Heroin supply go up from 187 Tons Per Year Production under the Taliban to 6,300 Tons now under the Americans.

Chapter 4 -

How Israel Plans To Rule The World

The Strategy in Principle and The Strategy in Action:
Using The Disaffection in Egypt

THE PLAN

There are a number of major forces in the world today but by far the most aggressive of them is the force that lies behind the state of Israel, Zionism.

And the force that lies, in turn, behind Zionism is the international bankers and, in particular, those bankers that form the Jewish clique who are by far the biggest players within the banking circle.

They control the two most influential central banks in the world, the Bank of England and the Federal Reserve Bank of the US.

They also control the body that co-ordinates central banks throughout the world, the Bank for International Settlements in Basle Switzerland.

Actually, these bankers are not principally bankers at all but rather men, families that are world dominionists.

They intend to rule the world and they are well on the way after two hundred years of planning and maneuvering.

Money from banking is their primary tool.

All their other power, influence and domination flow from this.

The pre-eminent family amongst these bankers is the Rothschild's.

Heinrich Heine, a poet-philosopher and banker's son said of James Rothschild, "Money is the god of this world and Rothschild is his prophet".

Note the quote stated "his" prophet. Heine personified this god.

This personified god of money has a name, of course.

Mammon.

To tie these families together through the generations and ensuring continuity, something stronger than 'family ties' is needed.

Something of a religious nature is needed something that offers reward beyond the grave for these worshippers of money and power these worshippers of Mammon.

Another Rothschild, the founder of the House, Mayer Amschel Rothschild, has been quoted as saying, "Permit me to issue and control the money of a nation and I care not who makes its laws".

This quote indicates the primacy of issuing a nations money in the power hierarchy.

So the plan from the beginning was to form banks and then central banks (which would control and co-ordinate all the other banks within a country) and, through whatever means necessary, gain the position of issuing a nation's money.

And, indeed, they do in most countries in the world including the major powers, America, England and Europe.

With this power to create virtually unlimited amounts of money as they did in a blatant display of this power in connection with the so called "bank bailouts", they can then buy their way into the upper echelons of commerce, industry and finally political power, the aristocracy.

And they have been making connections, 'friends' and allies and fostering their dependency upon the bankers and their money.

Money is also a drug, a drug of addiction.

With this power they have bought their way into strategic industries in particular such as oil, food, and armaments.

War making uses vast amounts of these resources and manufactured items together with equally vast amounts of money to finance their purchases.

These bankers win on both sides of the ledger.

There are huge profits to be made from war for these people.

Of course, if the governments of the world nationalized banks and the armaments industries, this huge pressure for war would disappear overnight.

Until that day, this insistent power and forceful influence on the world's governments will persist because with their money they can buy the election of compliant politicians.

These same politicians then extend the open US public purse towards Israel and in the process pay back multiple times their electoral bribes.

It becomes an insidious roundabout. Indeed, there is a practice in America called the "revolving door policy" whereby individuals shift from senior positions within these strategic industries, into influential government positions and then back and forth again.

Through this process, the government and major industries in America have been captured by the bankers and turned to their purposes.

This power then inevitably extends into the United Nations. With this power and influence, the Rothschild's and the other Jewish banking families that they have gathered around them have managed to have the state of Israel proclaimed in their favor and carved out of the living body of Palestine in 1948.

It was their beachhead in their political invasion of the Middle East.

This granting of someone else's land to unwanted immigrants by people on the other side of the world who neither owned nor resided in the country was a disaster for the Palestinians a disaster for the rest of the Middle East countries immediately surrounding them, especially Egypt now and, indeed, a coming disaster for the rest of the world.

This disaster that is extending out from Palestine and calling itself Israel is still ongoing and will form the base for these Jewish bankers to become a world power in terms of armed forces and resources as well as their existing world power in financial terms.

This will mean that they no longer have to suffer the present vulnerability of living off the largesse of the American public.

(The state of Israel is not economically viable without this largesse.)

They will be able to exploit their conquered neighbors resources and squeeze the maximum from transit fees through the Suez Canal.

They will no longer have to coerce and negotiate with other powers, their 'friends' and allies to fight their wars for them. They will simply be able to launch them at their whim.

Although, of course, they will almost certainly expect their US and European 'friends' money and arms to do their bidding, they will no longer be dependent and therefore vulnerable to a reversal of fortunes as they have been and are still now.

There may be only one worse ultimate fate than becoming a 'friend' of a Mafia Don and that is to become a 'friend' or ally of a Rothschild or an ally or 'friend of Israel', the Rothschild's' very own country.

Israel has betrayed one ally after another.

They are presently betraying Egypt, its long term "Partner in Peace".

Egypt is planned to be another stepping stone for these bankers on their way to being a world power.

They plan to then use to this 'super' Israel to rule over all the other powers using the American and British peoples and their armed forces together with those of NATO and affiliated treaty organizations.

The nations of America and Britain in particular are being turned into massive war machines and bled dry.

Non-strategic industries have been closed down or moved overseas principally to China causing mass unemployment and leaving the workforce a choice of employment in the armaments and tributary industries or directly in the military forces.

This is an example of the fate of Israel's allies.

Egypt is another.

So with all these resources at their command, how do the bankers through their very own little country intend to go about bringing the whole world to heel?

They have a strategy, which is very simple, and they have been using it for well over a hundred years through the governments and armed forces of Britain and America.

It is termed, "balkanization" and Egypt is the latest example if things go according to plan for them (which, so far, it appears it isn't).

Balkanization involves destroying a nation through various means including wars, civil wars and civil uprisings and to break it up into small ethnically or religiously based states.

This power through destruction is a good description of the power of evil.

That is a pretty accurate description of what is going on in the World today, from Iraq, Afghanistan, Libya, Yemen, Somalia, Algeria, Syria, Iran and the other 50 countries including Australia is on the list.

Chapter 5 –

UNRELINQUISHED POWER, THE MILITARY COUP WE NEVER SAW

“9/11 WAS ONLY ONE OPERATION...”

"HE IS NOT MY PRESIDENT"

“Initially, groups, Zionists, “banksters” and con men of all kinds rushed to the side of the neocons, seeing them as “hapless bumpkins” both naive and “on the make.”

It was believed that, behind every “family values” type was a thief, a child molester or an ambitious “sell out” looking to exploit the stupidity of those around them and prey on fear and ignorance...and to a large extent, this has been correct.”

When President Obama took office in January, 2009, it was expected he would do as he had promised, end the wars in Iraq and Afghanistan, wars he claimed were illegal and immoral, close the prison at Guantanamo, end the drone attacks on Pakistan and restore the constitutional rights lost under the Bush administration through the Patriot Acts and other ill advised legislation.

A new investigation into 9/11, along with investigations of the manipulation of intelligence leading to the invasion of Iraq and the shameful torture and rendition programs and the massive financial crimes that crashed the American economy in 2007 was also expected.

In fact, one of the common discussions prior to the election was whether President Bush and Vice President Cheney would resign, seeking pardon's from their successor, on the expectation that criminal proceedings would lead to their eventual arrest and imprisonment for war crimes or even treason.

Two years later, President Obama is a virtual "ghost."

Everything he promised to undo is the same or worse.

Even more surprising, the mainstream media says nothing about these promises being broken.

How long will we wait for the questions, "When will former Vice President Cheney be arrested," or "Are there plans to control 'death squads' in Afghanistan or begin to curtail the massive heroin exports from that country?"

President Obama is silent on these and other issues and the press, normally on a chief executive like a pack of dogs, remains oddly silent.

Does anyone detect the smell of tyranny?

We are now receiving clear evidence from sources within the military that by 2007, civilian control of the United States, though not entirely over, had been severely compromised.

Most American's aren't aware of the "Dominionist" movement that began in the late 1970s.

Their goal was to take control of the military forces of the United States in order to overthrow the government and replace it with a "Christian" government, a theocracy, overthrowing the constitutional republic we now have.

This would be a military dictatorship.

The president would be "nominally" in charge but foreign policy, particularly in line with issues involving the Middle East and Israel would be controlled by a group from within the military in conjunction with their allies in the media, banking and extremist groups, both American and Israeli.

This group would control Homeland Security, the Department of Justice, the Supreme Court, stacked with "Dominionist" allies, backers and those compromised for "other reasons."

Even the Mormon Church, a Christian offshoot organization, once actually at war with the United States, that runs Utah, Arizona, Nevada, New Mexico, Wyoming, Idaho and part of Western Colorado as a private fiefdom, has thrown in with the Dominionists, in fact, the Catholic Church, besieged on all sides by scandals, is onboard with them too.

Key members of congress would fall into line, managed by committee assignments and the new campaign finance laws, including the application of aspects of McCain-Feingold that allow the highly organized Israel lobby to "buy" members of the House of Representatives with ease, flooding any district with cash, controlling primary elections, even overseeing judicial elections and appointments.

This week, Fox/NewsCorp owner, Israeli Likudist Rupert Murdoch put \$1,000,000 into one election alone in Ohio.

In the end, nothing promised would ever get done.

Attempts to regulate financial thievery would be blocked, prosecutions of financial criminals would be blocked and, conversely, the criminal justice system would be wielded, under repressive and illegal statutes, enforced by endless overlapping agencies unaccountable and even unattributable, as a tool of social upheaval.

The pre-staging of a militaristic and theocratic tyranny has long taken root and infested every federal agency.

Take a look at the world around you.

THE DOMINIONISTS

"Dominionism" is the religious basis for "neo-conservatism," the establishment of corporate based totalitarian rule under military authority.

Packaged and sold as a return to "traditional values" or as providing security from nearly endless threats, foreign and domestic, invariably manufactured, often staged and carefully sold to the public through a "dramatized" press tasked with "softening up" the public to accept dictatorship, the neo-conservatives have been surprisingly flexible.

With the core of Dominionist teachings dependent on a reinterpretation of the KJV bible, stressing an apocalyptic end times scenario dependent on Jews settling in the Middle East, American sects, long known for their anti-Semitism are now ardent "pro-Zionists."

The "rub" as it were, being that, once the "end times" come, Jews are destined to either convert to Christianity or suffer a repeat of the holocaust, this time at the hands of their new found friends.

As a trade off, their reward to offset the eventual end of Judaism or the destruction of the Jewish people.

The State of Israel has been offered the full and unrestricted use of America's military forces to retake what Zionists believe to be the Jewish homeland, all of the Middle East from the Nile in Egypt to the Euphrates in Iraq, from the Turkish border to Mecca in the south.

MORE MARRIAGES OF CONVENIENCE

American conservatives, as we know them, rose from two areas, "big money" from the East Coast mob, the "Skull and Bones" types and the isolationist Midwest, groups that resented anyone of other than Northern European ancestry and Protestant worship practices.

During the 1930s, both groups came together behind a single cause, support of Adolf Hitler as a potential savior of the world, and the elimination of Jews as a threat to Christian civilization.

Toward that end, American banking firms, headed by the Bush family and others, underwrote, not only rebuilding Hitler's arms industry but supported the Nazi racial policies as well.

Millions of Americans were staunchly behind Adolf Hitler, Time Magazines "Man of the Year" for 1940.

After World War II, we erased all of this from our history.

It had become an inconvenient truth.

We even erased and have tried to cleanse even the internet of records of the 1934 "Business Plot" which was to install a Fascist dictatorship in Washington based on the German model, concentration camps, ovens and all, a plot originated by the same people we now call "neo-conservatives" or "Christian Zionists" or "Dominionists."

Thus, the strange marriage between Israel and the Dominionists is not unlike the marriage between Hitler and Germany's Jewish Zionists who believed that Hitler was going to "export" Jews to Palestine.

From Sara Powell's brilliant review of Lenni Brenner's *Zionism in the Age of Dictators*: "...however difficult it may be, the reader must confront some rather disturbing conclusions.

The most unsettling realization for this reviewer is that pre-Holocaust Zionists were able to politically align themselves with the Nazis because both groups fundamentally saw race as an important dividing line- and, moreover, were determined to keep it that way.

From Vladimir Jabotinsky to Albert Einstein, "assimilation" of Jews into the societies in which they lived was not an acceptable option....

As Jabotinsky explained, "It is impossible for a man to become assimilated with people whose blood is different from his own" (p. 10) in Einstein's words, "Palestine is first and foremost not a refuge for East European Jews, but the incarnation of a reawakening sense of national solidarity" (p. 29).

Finally, David Yisraeli, a member of the Stern Gang, wrote the following in late 1940, as part of a proposal to Hitler.

It was delivered in 1941 to two German diplomats in Lebanon

The establishment of the historic Jewish state on a national and totalitarian basis, bound by a treaty with the German Reich, would be in the interest of a maintained and strengthened future German position of power in the Near East (p. 301).

Another disturbing conclusion a reader must inevitably face is that Zionists learned both tactical and political lessons from the Nazis and that, even today, these lessons are applied to further the Zionist cause.

Although most likely known to potential readers of this book, another disturbing element is the cover-up of the less than savory roles of current Israeli leaders, including former prime ministers, in the terrorist Irgun and Stern Gang just before, during, and after the Holocaust.

Likewise, the succumbing of various U.S. officials to Zionist pressure is a familiar, but distressing, story."

As noted, this isn't the first time Jewish leadership has aligned itself with destructive elements, nor are they the only ones to do so. Americans favoring an end to illegal immigration have aligned themselves with Dominionists who, by and large, are backed by corporate sponsors dependent on, not only the influx of cheap, illegal foreign labor but exporting American jobs as well.

"HAPLESS BUMPKINS"

Initially, groups, Zionists, "banksters" and con men of all kinds rushed to the side of the neocons, seeing them as "hapless bumpkins" both naive and "on the make."

It was believed that, behind every "family values" type was a thief, a child molester or an ambitious potential "sell out" looking to exploit the stupidity of those around them and prey on fear and ignorance.

To a large extent, this has been correct but the fallout, especially economically, has been much worse than anyone had anticipated.

Few had foreseen a credit crunch that would dry up even the funds financial criminals used to underwrite their own schemes.

9/11, the Patriot Acts, torture and rendition, the invasion of Iraq, the oil price "run-ups" and the toxic derivative crash that destroyed the American economy in 2007 would not have been possible without Israeli "friends" in the press managing public opinion and deflecting criminal inquiries.

Even when the public learned that the invasion of Iraq was based on falsified intelligence, nothing was done.

Similarly, the same "capability" that created the phony "WMD" intelligence reports also created non-existent terrorist organizations, helped produce and distribute counterfeit "bin Laden" threats and even staged terrorist attacks.

1978, BORN IN COLORADO

The movement began in Colorado Springs, home of the Air Force Academy.

The goal was to take control of the Air Force, control all promotions, assignments, all incoming officers candidates and use the Air Force academy to indoctrinate a generation of officers to oppose the American government.

Numbers of officers candidates reporting this bizarre plot but we have also been informed that the "Dominionists" claim total control of West Point and the Naval Academy at Annapolis along with full control of the officer corps of both those services.

The Marine Corps seems to be immune.

A letter received by a group supporting military freedom in the military outlined the problem with the Marine Corps.

They were said to "lack Christian spirit" evidenced by their continued support of the constitution.

THE MINOT PLOT

There were serious repercussions when the public was inadvertently made aware of this plot in August 2007. A group of "Dominionists" stole 6 nuclear weapons from Minot Air Force Base in South Dakota.

These weren't "inadvertently loaded" as the cover-up implies.

It is impossible for nuclear weapons to be loaded on a B 52 bomber by accident.

80 members of the Air Force were "fired" for this "mistake" and as many as 10 have been "suicided" or "accidented" since.

There is, however, a strong rumor, within the community that at least one nuclear weapon is still unaccounted for.

There is strong evidence of this allegation if you go by the Official story 6 Nukes were loaded onto a Plane one end, 5 were recovered the other end, by anybody's books who can add up that leaves 1 Nuke out there somewhere in the wrong hands ready to be used by these people who now control America.

However, this incident represented, during the Bush (2) administration, not just a total breakdown of the "good order and discipline" of the Air Force but something more serious, even more serious than mutiny.

As this involved strategic nuclear weapons and the total compromise of our nuclear command authority, it represented a transfer of authority from the President of the United States to a group operating outside the government, it represented a partial "coup." Since that time, no American president has had definitive control over America's nuclear forces, reliable control of our nuclear arsenal.

Both President Bush and Obama thus lacked command authority.

Moreover, President Obama, upon taking office, assumed a presidency whose authority and power were compromised by the failure of President Bush to respond to this attack on America from the extreme right, in fact, the middle of his own constituency.

9/11 AND THE DOD COVERUP

Proof is piling up that the Department of Defense played a role in 9/11.

The majority of the world's credible scientists and engineers have proven beyond a doubt that the destruction of the World Trade Center was caused by a controlled demolition.

The "hard science" is there, not just that, "hard evidence" is there also. The residue from the demolition was found everywhere, has been analyzed, and there are no longer any doubts.

Moreover, every aspect of the investigation has been proven compromised, openly interfered with and this has been carefully documented but not widely reported in the United States.

The trail is leading three directions:

- 1) An Arab terrorist group began planning the 9/11 attacks during the late 1990s but was infiltrated by the Mossad and/or agents working for the CIA
- 2) Their efforts were supplemented, paralleled, augmented and eventually replaced by a vast and highly complex domestic "False Flag" attack designed to realign the world.
- 3) Israel, with its control of the media and its ability to operate openly inside the United States with impunity due to a compromised security relationship, CIA, DOJ, FBI, would take the lead in carrying out the attacks. Arabs would quickly be blamed and a carefully scripted press would "seal the deal" while a rigged investigation was already "in the can."

Recently, the Pentagon paid \$47,000 for 9,500 copies of Operation Dark Heart, the memoir of Lt. Col. Anthony Shaffer.

We were told it contained classified information on Afghanistan, information that would aid the enemy.

This was a lie.

What it contained was a chapter on Operation Able Danger, a Pentagon effort involving Shaffer and other officers using the internet or "open source" information to track terrorist organizations.

Shaffer and his group, Captain Scott Phillpott, James D. Smith and Major Eric Kleinschmidt identified, as early as 1999, the group accused of responsibility for the 9/11 attack and created a chart showing the structure of the terrorist organization.

Mohammed Atta, reputed leader of the 9/11 operation, was prominently featured, his photograph adorned the "number one" position.

When attempts were made to inform the FBI through chain of command, all information on the hijackers was ordered destroyed by the Department of Defense and the group's efforts to warn appropriate counter-terrorist organizations were silenced.

Then they were ordered to destroy their materials.

In 2005, 9/11 Commission Chairman Thomas Kean, said he was aware of the report but no evidence was given backing up the claims of foreknowledge of 9/11.

However, on June 14, 2004, an unnamed high ranking Navy officer informed the 9/11 Commission that he had reviewed the charts and other materials we now know to have been destroyed by the government.

The Commission chose to ignore this report and omit any record of it from their findings, evidence that, not only did the government have full knowledge of the accused hijackers 2 years in advance but destroyed evidence and protected the terrorists.

The Commission was unable to give any credible reason to fail to investigate these serious allegations.

CASTRATED DEMOCRACY

When President Nixon refused to hand over documents to the Watergate investigators, claiming "executive privilege," he said he did so in the interest of protecting the power of the presidency.

Nixon explained that only a powerful presidency could protect the nation from tyranny, popular sentiment shifting congress to an extreme, the military and its history of feudalistic tendencies or the "monied interests" that have always bought and sold the United States Senate since its inception.

Nixon said he looked on the presidency as a stewardship yet his forced resignation is the only such occurrence in over two centuries of American history.

Nixon, often accused of bouts of paranoia, when reexamined in light of where American history has gone, was a veritable "Nostradamus."

These "checks and balances" of the constitution are those really intended by the Founding Fathers, yes, protecting capital from seizure by the "underclasses" for sure but also allowing a nation state to develop in a world, at the time, bereft of representative government in any form, on any continent.

President Washington and later, President Eisenhower, warned of the “military industrial complex,” in their own ways.

Neither would have imagined that the issue of separation of church and state, a critical aspect of the constitution under continual attack on the grounds of “moral necessity,” would be the weakness that would bring about failure of representative government in the United States, that “hapless bumpkins” would bring down America.

Today we watch a presidency in paralysis.

Any threat to stop criminal activity in the private sector is met with accusations of “socialism.”

Attempts to seek peace and keep promises are seen as favoring terrorism and showing his true “Muslim” roots.

In truth, no president has ever faced the likelihood of assassination, hardly at the hands of an extremist or “lone gunman” but at the hands of the powerful forces that surround him.

These threats, these tactics meant to enfeeble the presidency, encumber democracy and paralyze the government are nothing compared to the dangers America faces with strategic nuclear forces under the control of an apocalypse death cult, the “American Taliban” that runs the Air Force Academy and other service academies in a manner more consistent with prison camps than schools.

Proselytizing, not only through intimidation but the systematic use of “mind control” techniques, decades of these practices, has created a monster among us, a military force no longer American in the sense that serving the constitution and supporting democratic ideals defines “American.”

Other Interesting stories people can do searches for to explain where America is at, and how America and these Zionist creatures threaten all life on earth with their thirst for money, power and control.

Chapter 6 –

USA needs nuclear explosion to turn the world into dictatorship

Is the United States going to put dictatorship into effect under the guise of the anti-terrorist struggle?

What may trigger another major transformation in 2009?

The answer is obvious: another 9/11 in the USA.

Terrible and bloody events are in store for the world in the beginning of 2009.

Most likely, the world will witness a reality show with a nuclear blast, which will be used as a reason for the US administration to change the world order again and leave the new Great Depression behind.

There is every reason to believe that the Russian Federation may suffer as a result of this possible initiative too.

Joe Biden made a sensational statement on October 19, 2008.

He said that Barack Obama would have to undergo an ordeal during the first six months of his stay in the White House.

It will be the time of a very serious international crisis, when Obama would have to make tough and possibly unpopular decisions both in home and foreign politics.

USA needs nuclear explosion to turn the world into dictatorship

Is the United States going to put dictatorship into effect under the guise of the anti-terrorist struggle?

What may trigger another major transformation in 2009?

The answer is obvious: Another 9/11 in the USA.

Terrible and bloody events are in store for the world in the beginning of 2009.

Most likely, the world will witness a reality show with a nuclear blast, which will be used as a reason for the US administration to change the world order again and leave the new Great Depression behind.

There is every reason to believe that the Russian Federation may suffer as a result of this possible initiative too.

Joe Biden made a sensational statement on October 19, 2008. He said that Barack Obama would have to undergo an ordeal during the first six months of his stay in the White House.

It will be the time of a very serious international crisis, when Obama would have to make tough and possibly unpopular decisions both in home and foreign politics.

Biden said that there were four or five scenarios for the development of the international crisis.

Afghanistan, North Korea or the Russian Federation may become the source of one of them.

When Obama learned of Biden's speech, he tried to explain everything with rhetorical exaggerations.

However, Biden's remarks gave food for thought, taking into consideration the fact that former secretary of state Madeleine Albright described his remarks as statement of fact.

Apparently, the political elite in the United States is certain that their nation would soon suffer another mammoth terrorist act.

This assumption became the subject of Michel Chossudovsky's article "A Second 9/11,: An Integral Part of US Military Doctrine."

The independent analysts presented a selection of statements, which US top officials released during the recent several years.

For example, Michael Chertoff, the Homeland Security Secretary, said at Yale April 7, 2008 that modern technologies let even a small terrorist group kill hundreds of thousands of people.

Dick Cheney stated May 26, 2008: "Nobody can guarantee that we won't be hit again."

The general public has been prepared for a possible mega terrorist act with hundreds of thousands of victims.

The expectation of another major terrorist attack, Chossudovsky wrote, became a part of the US military doctrine to justify possible preemptive strikes, i.e. aggression.

The analyst also wrote that the US administration was aiming the efforts of the national security services at the liquidation of the consequences of the Massive Casualty Producing Event.

Moreover, the US establishment believes that such an event may unite the Americans.

Tommy Franks, the then CENTCOM commander voiced this idea in 2003.

He particularly said that another event with many casualties in the USA would revive the support of wartime laws.

Franks also said that such an event would mark the end of democracy in America.

To put it in a nutshell, it would mark the beginning of the era of dictatorship. The US administration planned Operation Northwoods in 1962, in which the US incursion into Cuba was supposed to be justified with a massive massacre of the Miami-based Cubans, as well as the explosion of a US warship in Guantanamo Bay.

President Kennedy did not let the operation become a reality.

The logic of Northwoods does not differ much from that of General Franks - a new mega terrorist act will justify the beginning of USA's new aggression in the Middle East.

The Pentagon started to develop the plan of the new war in April 2006 – the third war after the campaigns in Iraq and Afghanistan. Stew Bykovsky, a well-known columnist, said in his interview in August 2007 that America needed another 9/11 because the country had forgotten who its enemy was.

Which weapon would make it possible to conduct a major terrorist attack with countless casualties and produce the effect of universal panic? A nuclear weapon would suit this goal best.

It would not be a hardship to say that a nuclear explosion was conducted by Islamic terrorists who stole nukes from Russia in the beginning of the 1990s.

A nuclear mushroom grows somewhere in the USA and the country launches another war and introduces dictatorship.

Chapter 7 –

IS AMERICA'S MILITARY PREPARED FOR THE ISRAELI THREAT?

CAN AMERICA STOP AN ISRAELI "NUCLEAR" 9/11?

"The American people are afraid, they see disaster coming. Everyone is waiting to see what city is chosen to be sacrificed. Will it be Phoenix or Sacramento or perhaps Atlanta?

This is the real fear, the "not so secret" fear in the heart of every American."

For years, America's military has been divided, competent military professionals and patriots on one side and Christian Zionists, loyal to Israel and addicted to a propaganda "dreamworld" on the other.

Americans sat, on 9/11, with their military "asleep at the switch," their president in a daze and Secretary of Defense Rumsfeld, perhaps out of confusion, we may never know, talking about airliners being shot down and the Pentagon being attacked by missiles.

Yes, he said these things, things he couldn't "unsay" but things the press showed once and quickly buried.

Something terribly wrong happened, something years in planning, but not planned in a cave in Afghanistan.

Everywhere investigators look, one thing pops up, Israel.

The moment that door is opened, it is slammed shut, often with threats, often with more than threats.

We may never know the full extent of the brutality used against those who have spoken up.

We know that Arab leaders can be assassinated anywhere, any time.

America will remain silent and the news will always support Israel.

Israel owns the news.

What about the "suicided" British scientist Dr. David Kelly, the man responsible for moving the Israeli nukes out of South Africa?

Reliable sources tell us he was ready to come forward with the facts about a massive political scandal, a cover-up of lost nuclear weapons, blackmail and bribery.

Do we really believe that there are so many unlucky United States senators?

Crashes of small aircraft has done more to control the US Senate than any election, control used to set the stage for a generation of wars.

With AIPAC capable of buying any election, capable, willing and doing it, not an American organization at all but a lobby for a foreign government, one that likes America "not so much" as we are lead to believe, is representative government in the United States dead?

When someone swears an oath to protect and defend the Constitution of the United States, is it meaningless when the government itself is no longer "American?"

Control of America, or, more appropriately, control of America's vast military, tired and worn as it is, represents the key to ruling the world.

Fooling the people, buying the government and duping America's military through infiltrating every level of critical decision making and communications is a task, not only attempted but one long since accomplished.

Problem is, even with, not only control of the press, but powerful news organizations directly under foreign control like Fox News, word is getting out.

The American people are afraid, they see disaster coming.

Everyone is waiting to see what city is chosen to be sacrificed.

Will it be Phoenix or Sacramento or perhaps Atlanta?

This is the real fear, the “not so secret” fear in the heart of every American.

When and if it happens, Americans are not so willing to believe a few goat herds in a cave 8000 miles away planned it, not anymore.

Why do you think Senator Lieberman has demanded a “kill switch” on the internet?

Why do you think “censorship czar” Cass Sunstein has asked to have accusations of Israeli complicity in 9/11 made a criminal act and openly advocated infiltration of groups pushing for an honest investigation.

Who is the real “conspiracy theorist” now?

With thousands of military and intelligence officials, retirees openly, others hiding their rage, aware of the decades of Israeli spying and the 9/11 cover-up, this divide has never been so strong.

What we don’t know is how many serving today have the personal courage to speak out openly.

Now the threat is nuclear weapons, not just a “shoebox dirty bomb” but full sized nukes, the weapons we have been hunting for years, claiming Saddam was prepared to use them “at 45 minutes notice,” the same nukes “sent to Syria by ambulance.”

They could be anywhere and anyone could be ready to use one.

There is only one possible culprit capable of doing this, however, only one country with something to gain and the willingness to act.

“We have hundreds of nuclear warheads and missiles that can reach different targets in the heart of the European continent, including beyond the borders of Rome, the Italian capital... our armed forces, however, are not the thirtieth strongest in the world, but rather the second or third.

We have the capability to take the world down with us.”

(Israeli military historian, Martin van Creveld)

Today, America may be facing the nuclear holocaust Creveld describes and there is no reason to trust that our military, intelligence and law enforcement, the dozens of agencies, bureaus and commands tasked with defending America are willing to do so if the attack comes from Israel.

Morons or "Masters of the Universe"...

In fact, some leaders, even a former head of the Department of Homeland Security, could be on a list of those that might be one of the America's greatest terrorist threats.

How can perceptions differ so much?

If perceptions are based on information and that information is pure propaganda, consistent, continual and skillfully presented, not only in news format but reinforced in movies, television series and anyone publicly questioning the "message" is attacked and destroyed, and they are, perceptions can be assumed to be false.

Thus, the general basis for the public's ideas about who Israel is, what Zionism advocates and what Islam is really about will be unreliable.

When you add control of universities, all academic publishing and even total disruption of free speech, the most extreme ideas can be accepted as fact.

They have been.

A substantial evidentiary trail exists that places Israel's possible involvement in 9/11 on the table, with dozens of suspects questioned and more and more of the "facts" about 9/11 now proving, as with the Kennedy assassinations, to be lies.

Real theories, not "conspiracy" tell us that 9/11 was planned to get America to attack Iraq, part of Israel's long term strategy for the region, leaving them, not only the only nuclear power, but an armed aggressor afloat in a sea of broken nations occupied by American troops, troops who take orders from politicians who take orders from Israel.

However, after the massive Bush administration blunders in Iraq and Afghanistan and the virtual destruction of a military incapable of sustaining a decade long war, the planned Israeli attack using American troops, again, isn't moving forward as we all know it was planned to.

This time, after America was so badly burned, pushed by the Bush security team, almost all Israeli citizens, many of them still around, running America for Obama, into two insane "Vietnams" it will take more than 3000 murders.

With the "duping of America" over 9/11 coming unraveled, something horrendous is in the planning.

There is an obvious next step and it has to be nuclear.

Anything less would bring an outcry against Israel immediately.

Only the “unthinkable” combined with a strong public relations campaign and a cover story with a “do it yourself” terrorist group, like so many of the “just add water” terrorist organizations the Mossad has organized for just such an occasion, will sell the lie, this and the press, not just in America but the other real voice of Israel, the BBC.

The stories about the mobile labs, the “yellow cake” uranium were lies, pap fed to a willing and complicit press.

However, the threats are real but how does America protect herself when those tasked with that duty turn a blind eye to the biggest threat.

In 1967, Israel was allowed to kill or wound 201 of 296 Americans on the USS Liberty.

Surviving crewmen are still threatened by Israeli security for speaking up, as Philip Tourney and his wife will gladly tell you.

Captain McGonagle, who won the Medal of Honor working to save his crew from hours of brutal attacks, cried out for justice to his dying day.

The American military stood silent as it did on 9/11, as it did on that day in 1967 and as it may have done many times since.

Those among America's military in 1967, those willing to send the planes from the carriers America and Saratoga to bomb Egypt on behalf of Israel received the thanks of a grateful nation.

Too bad that nation was not the United States of America.

Only when Israel informed Washington that it had failed to both sink the USS Liberty and effect a takeover of the ship, killing the entire crew, did Admiral McCain order planes headed toward Egypt to return.

It had been previously believed these planes were meant to help the USS Liberty.

We have since been reliably informed by sources within the Navy that the planes were armed for ground attack.

Thus, as early as 1967, America was willing to see its own troops butchered "for the good of Greater Israel."

Proof of this is incontrovertible and witnesses on both the Liberty and Saratoga have come forward.

We will never know for sure, what secrets are stolen, what weapons given, what enemies aided, what American interests betrayed.

With dozens of organizations demanding 9/11 be investigated and the lowest estimate of those who no longer believe the cover story at 30%.

Not a single active duty military officer, not one member of congress nor a single member of the mainstream press has said a word about it.

How can thousands of prominent Americans demand that their country begin defending itself and it be covered up?

Who has that power?

America has lost at least 6 nuclear weapons since 1990, maybe more, not Russia or some "breakaway republic," once part of the Soviet Union.

3 were American hydrogen bombs off Somalia, no longer usable but with enough plutonium in them to build many fission weapons.

3 more were part of 9 produced by Israel in South Africa back in the 80s, all supposedly sent to America for dismantling.

3 of the containers were filled with concrete blocks.

They had been consigned to "friends of Israel" for shipment and were stolen from an unguarded facility in Oman after having been abandoned for months.

This would be a wild claim if we hadn't interviewed those involved in the project and been made privy to a well documented and detailed history of the operation.

These “unattributable” nukes have only one purpose, to be used in a terrorist attack on the United States, a “False Flag” attack, to drive America to attack Iran and Pakistan.

How many loyal Americans, FBI, Homeland Security and other agencies are searching the nation, warehouses, ports, looking for the blue 20 foot shipping containers?

How many “dual citizens” are tasked with some other purpose?

Are our “protectors” really “ours” or do they work for the same pack that bought our congress?

Will we find out when a mushroom cloud appears over one of our cities?

Today, America is facing the biggest threat since World War 2.

Nothing will be in the news, nothing will ever be in the news, not the truth anyway.

When it happens, the news will be ready, like on 9/11 when it was called on to talk Arabs and box cutters, a childish conspiracy theory millions still believe.

It was ready to talk weapons of mass destruction and when that turned out to be a lie, it was ready to sit silent for its complicity in war crimes.

"War crimes" seems like a harsh term but the definition fits.

Invading Iraq on, not a whim, but a series of lies orchestrated by a criminal conspiracy is a war crime.

Less obvious to many, the takeover of Afghanistan as a drug production facility or a base for destabilizing Pakistan or an operation center for gas pipelines, whichever reason you choose, was justified by lies as serious as those used to justify Iraq.

For those who follow such things, real leaks are proving.

Osama bin Laden never stopped working for the Central Intelligence Agency and their "regional affiliates."

Real news never reaches America, news that shows terrorism, corporate banditry and the biggest drug cartel in history, tied to American allies, some Muslim but one worse than all combined, Israel.

Even today, the mythology of "threatened" Israel and the rockets raining down on their cities, all imagination, is still believed by many in our military.

When 9/11 came, be it radio controlled planes, missiles, controlled demolition, our military was on "stand down," ordered to let the attacks move forward and then roll across the Middle East, an Army hijacked by Israel to help them start their long planned world conquest.

Today, America basks in defeat and humiliation and Israel laughs.

We have continual debates about religion in the military.

Should Christian sects be able to force troops to prayer?

Is America a Christian nation, is this what the founding fathers meant?

What if, lets say, these sects were not loyal to the United States but rather constituted a national threat?

Is an officer belonging to a Christian Zionist church likely to pass secrets on to Israel?

Will they obey orders from the Mossad above their own commanders?

Will a Christian Zionist with nuclear access follow his religious calling and cause a nuclear war to bring about Armageddon?

What if their power in the military was that great, part of a systematic infiltration of the military through an extremist take-over of the chaplain's services and eventually admissions and curriculum of the service academies themselves?

What else could explain the total silence we have seen when torture, kidnapping, illegal invasions and "stand downs" to allow terrorist attacks are the norm.

How many officers have violated the Geneva Convention, their oaths and the Uniform Code of Military Justice because they felt obliged to a "higher power" to exhibit extreme cruelty, cleansing the world of "infidels?"

Those in the military that feel, as Christians, they are tied to Israel, have lost their minds.

Islam and Judaism are much closer than Christianity and Judaism.

With the advent of the trinity, both Jews and Muslims see Christians as, not only polytheistic, worshiping 3 gods, not one, but idolaters as well.

To both Jews and Muslims, these issues alone are enough to make Christianity an enemy.

Islam, a religion totally based on Judaism, an Abrahamic faith, built on the foundation of the books of Moses, sees itself as a reform movement stressing moral values as outlined in the Koran and the teachings of the prophet, Mohammad (peace be on him).

To a Christian with a real education, the struggle between the Jews and Muslims is a "family matter."

Jews are the beloved children of Islam who have yet to accept the reforms that defined the true religion.

We must remember, without Judaism and g-d's covenant with Israel, there would be no Islam.

Christianity is seen as a Hellenistic bastardization of biblical teachings watered down to sell to the pagan Roman empire.

You won't hear it, not publicly, but it is exactly what is taught to every student, Jew, Muslim, this is their belief.

Muslims have "jihad" and Jews were chosen by g-d to rule the world.

90% of the most serious accusations each makes of the other are, actually, part of the religion of both, only Jews are much better at public relations.

After all, they own 90% of the world's media, print, broadcast, even much of the internet.

How do we trust military leaders who don't know that "goyim" means "cattle?"

If you are "cattle" and you believe those who see you as such are your best friends, you are not dealing with reality.

Perhaps we should teach The Scorpion and the Toad at West Point.

This should be the start of the first day's lecture on America's Strategic Security in the 21st Century

The scorpion, in the course of a long journey, encounters a river.

The scorpion cannot swim and so he is momentarily stymied until he spies the toad, on the opposite river bank.

"Toad!" the scorpion calls out, "will you please let me ride on your back to the other side of the river because, you see, I cannot swim."

"No way," replied the toad, "if I let you ride on my back you will sting me!"

To which the scorpion replied, "But if I am riding on your back and I sting you then we will both die because I cannot swim."

After thinking on it for a moment or two the toad agrees, swims over to the opposite bank of the river where the scorpion jumps onto his back and he turns to swim to the other side.

When the toad, with the scorpion riding on his back, gets to the middle of the river, the scorpion stings him.

"Scorpion!" Exclaimed the toad, "Why did you sting me? Now we both die."

"Because it is in my nature."

Was the scorpion's response.

Should we be sick of watching our troops walk through poppy fields, knowing the heroin being produced is destroying the United States, filling our prisons but, at the same time, filling the pockets of, well who?

Who is getting a cut of the \$65 billion dollars a year earned from the partnership in Afghanistan?

Israel is the money end, the CIA does transportation, the Afghan government runs production, but who does distribution?

Do the planes really land on military bases?

We have already found bales of cash leaving Afghanistan heading for Dubai.

This is only a small part of the money involved.

It is this money, combined with the billions we give Israel, the billions they take out of the American economy through control of the Federal Reserve System (a quasi-governmental scheme of banks with Rothschild lineage that control America) that makes it impossible to get honest news, elect honest politicians and even trust our own military.

In fact, a large majority of Americans openly admit, on every opinion poll, that they don't trust our congress, our president or any American institution.

Nobody asks them why.

Would they know?

Is it because a foreign country controls our banks, our news, our congress, our military , our foreign policy?

Is it because the only reason politics exist in America is so the greedy can line up at the trough, not caring who is pouring the slop, as long as they get theirs first.

No American has a clue where President Obama came from.

Many believe he is foreign born, many more think he is Muslim and some believe he is a space alien.

In 250 years, documents will be declassified that will either prove or disprove that former President Bush belonged in prison, not the White House, guilty of, not AWOL (absent without leave) but desertion during wartime.

There is no reasonable doubt of his guilt, only that he used his power to prevent arrest and prosecution.

After 9/11, no more questions were asked, and no more witness had to receive new homes, fat government jobs or have mysterious heart attacks.

For the Bush years, it was made clear that a military career had to be built on loyalty to Israel, even though their nuclear arsenal and their ethnic cleansing of Palestine are the root of every conflict confronting America today.

There is no military alliance with Israel.

America has no potential enemies.

In fact, every nation in the region is either controlled by the United States, occupied or frightened to death.

Iran trying to stand against America is the equivalent of Denmark standing against Hitler's blitzkrieg.

The view of the state of affairs taught our military is childishly stupid. How many of our military leaders are childishly stupid also?
